- The socio-political implications of the new information order
- The strengthening of democracy

Unit 5-Production Skills 15 Marks and 45 Periods

CHAPTER 1 A TOUR TO-THE WHISTLING WOODS INTERNATIONAL CAMPUS OR A TRAINING INSTITUTE/PRODUCTION CENTRE OR WITHIN THE SCHOOL CAMPUS OR

CHAPTER 1 PROJECT-NON-FICTION Students will conceive, write, direct and edit a Non-fiction project of 3~5 minutes duration.

Guidelines-In this, they will follow the film making process of going through the pre-production, production and post-production process. The idea will be submitted to the teacher first. It shall be discussed and approved. It is only after that, the student can undertake to do further research and writing of the script. The script shall be submitted along with the shooting schedule: The same will be approved by teacher and only after the clearance from the teacher will the shooting take place. Students will complete the project on Video tape and submit it along as a video tape as well as in the DVD format with the docket containing all the paper work done by them.

- Subjects of the films should be suitable for the audience of their own age group.
- The subjects could be chosen from the following Domains-social issues like relating to development, gender issues, environmental issues, education, health, and livelihood can be chosen. Themes to illustrate facets of other arts could also be chosen. Issues relating to media could also be a domain. Portraits of personalities in respect of their contributions to Life may also be chosen.
- Basic Handycam video cameras and basic editing software like Adobe Premier or Windows Movie Maker should suffice. Technical quality is important, but technological sophistication by itself will not carry much weight, as the purpose is to judge the the overall programme making ability.
- The preparation is as important as the product and will carry half the percentage in the total assessment of the project.
- The time limit of 3~5 minutes is to be strictly observed. Anything drastically more or less in duration will negatively affect the assessment.
- These guidelines should be very clearly explained to the students and there should be no basic doubts about the approach in their minds.

Unit 6-Selling/Marketing/Exhibiting A Product Through Advertising 7 Marks and 21 Pds The Case Study Approach

Chapter 1 Profile Of A Product 1 Marks and 3 Pds Product specifications Targeted buyers

Comparative Advertising Cooperative Advertising

Direct Mail Point-of-Purchase Advertising Informational Advertising

Portfolio-20 Marks.

Portfolio Assessment and Apprenticeship Special features of Assessment: The Portfolio will consist of a compilation of all written submissions over the duration of the course. It is the sum total of the creative work executed by the student over the year. The Portfolio will consist of all written submissions over the duration of the course. The assignments would include written, project work and production output will be collected. The submission would include both the original and improved versions of assigned tasks reflective of gradual improvement.

Aims of the exercise of Portfolio are-

- To create a desire in the student to go beyond the text and class room learning
 - To inculcate in the student the spirit of research
 - To offer the scope for imaginative thinking
 - To develop the power of interpretation
 - To imbibe the notions of subjectivity and objectivity
- Objectives of the exercise of Portfolio are-
- The student begins to think independently and critically about the subject
 - The student learns to develop his/her own themes
 - The student learns to systematically gather facts and sift the data
 - The student learns to use the data in a coherent and logical manner
 - The student learns to follow one's imagination to create an original work
 - The student learns the difference between analyzing someone else's work and creating one's own
 - The student learns to develop distinct creative approaches to Fiction and Nonfiction
 - The student learns to conceive and execute ideas that are medium-specific
 - The student learns to identify upon his/her own strengths and weaknesses

Assessment of the Portfolio-The basic guideline for Assessment of the Portfolio is to judge the student's individual growth along the aims and objectives stated above. Both quality and quantity of the work done cumulatively should receive equal consideration. 10 marks have been allotted for the Portfolio.

Apprentice Program:

All students who take this course will have to mandatorily take one week intensive training at an institution which has been approved by CBSE. The week long intensive training will also have a component of project work which will be assessed by the examiners of the institution.

Guidelines for teacher training Preamble-The subject Mass Media Studies is new and a broad-spectrum one. Hence there are no specialized teachers available at the inception to teach the course. The teachers, who will have the initiative to undertake the responsibility of teaching, themselves would belong to various backgrounds. So the trainers are dealing with heterogeneous group as far as the educational backgrounds of the members of the group are concerned. These are the factors that have been taken into account while planning the content and teaching strategy. These are not to be considered as limiting factors, but important details
Content The READER of the Course would form the main reference around which the course would be structured. It will be more of participatory workshop than a lectures dominant programme. **AIMS**

- To explain the basic concept and key areas of the Curriculum
- To demonstrate the use of available resources and to create the new ones
- Demonstrate the various approaches such as case study, analysis, research, creation of a product from an abstract idea and more.
- To correlate the experience of various media as different dimensions of social life
- To bring awareness of the fact, that mass media offer scope to a variety of talents and skills

OBJECTIVES

After the successful completion of the course the teachers should be able to

- Understand the ideas behind each unit and their interrelationship.
- To locate the teaching resources within the familiar areas of information
- To guide the students to creatively execute their ideas
- To make the students realize the different realities of the media
- To develop a comprehensive perspective on mass media
- To induce the students to think positively about choosing a career in mass media

Infrastructure Requirements in Schools

1. Computers-an ideal ratio of 1 computer for every 5 students, with the following specifications:
 - PCs or iMacs (latest those purchased in 2009) with a minimum of 1GB RAM and 100 GB HDD with dual/quad core processors OR MacIntel processors (in the case of iMacs)

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

- Appropriate editing/sound softwares. These will be freely available softwares, which WWI will select & recommend to the schools. These should be available at no cost or a minimal cost, if at all.
2. The computers, ideally, should be on a UPS or a backup power so as to not damage them in case of power failures
 3. Handycams/Hand-held video cameras (Sony HC 96 or equivalent) with an ideal ratio of 1: 10 (1 camera for every 10 students)
 4. A screening room equipped with a television set or projector and speakers for playback of video OR screening images through a computer.

Qualification for Faculty

- An M. A. In mass communication preferably with B. Ed.

For Board's Publications
