## India-Based Neutrino Observatory (INO) Project - Multi-Institutional Effort (Important) (Download PDF)

(May 29, 2018)

INO project is building excellent underground laboratory in India. **Project includes 4 construction:** 1. Construction of underground laboratory with facilities at Pottipuram in Tamil Nadu. 2. Construction of Iron Calorimeter (ICAL) detector for studying neutrinos.

*Map of INO Project Pottipuram (Madurai) in Tamil Nadu.*

3. ICAL detector is designed to address some key open problems in unique way.
4. Built National Centre for High Energy Physics at Madurai for operation of underground laboratory.
