National Safety Week Observed (Download PDF)

(March 20, 2017)

National Safety Week was observed from March 4 to 10. The first National Safety Day (NSD) Campaign was launched in 1972. It seeks to prevent and lessen the loss of human life and tackle financial losses to the family by availing them of safety, health and environment-related support services. The 2017 theme was "Keep Each Other Safe".

Objective of National Safety Week observed

- To achieve participation of major players in different industrial sectors at different levels
- To take Safety, Health and Environment (SHE) movement to different parts of the country
- To remind employers, employees and others concerned of their responsibility in making the workplace safer
- To promote development of need-based activities, self-compliance
- To promote use of participative approach by employers by involving their employees in SHE activities.
- TO bring into the fold of voluntary SHE movement sectors
