About 'Main Nahin Hum' Portal & Its Significance

- Portal works on theme 'Self4Society'.
- It will enable IT professionals & organizations to bring together their efforts towards social causes on one platform.
- Portal will help employees in identifying volunteering opportunities for social causes & they can collaborate w/other employees on such projects.

- Portal is expected to help catalyze greater collaboration towards service of weaker sections of society, especially by leveraging benefits of technology.
- It is expected to generate wider participation of interested people who are motivated to work for benefit of society.
- Since India has already become 3rd largest in terms of start-ups, social start-ups should become intrinsic part of ecosystem.
- Some of areas which require participation are saving natural resources such as water, agriculture, climate change etc.
