Psychology Paper –II July 2018 – Set 1 Q. 51 to 75 (Download PDF)

(September 11, 2018)

Psychology CBSE NET this time was pretty different from the previous papers with lots of focus on development, regional geography and statistics. Questions from remote sensing were very less. We have provided the detailed solutions to the questions at Doorsteptutor- [CBSE-NET \(Based on NTA-UGC\) Psychology \(Paper-II\)](#) . For preparation for paper 1 check out our link at Doorsteptutor - [CBSE-NET \(Based on NTA-UGC\) Paper-I](#). We would be coming up with many further videos and topics so stay subscribed at <https://www.youtube.com/c/Examrace>.

Find this video at: <https://www.youtube.com/video/m-qvwO54HcQ>

CBSE NET July 2018 Psychology Paper 2 (Q. 51 - 75): Answer Keys, Solutions & Explanations

51. In Vertebrates, myelin is produced in the brain and spinal cord by _____, and in rest of nervous system by_____.

- (A) Oligodendrocytes; Schwann cells
- (B) Schwann cells; Oligodendrocytes
- (C) Astrocytes; Microglia
- (D) Microglia; Astrocytes

Answer: A

52. Read each of the following statements - Assertion (A) and Reason (R); and indicate your answer using code given below:

Assertion (A): Algorithm is a logical rule that guarantees solving a particular problem.

Reason (R): One can find the solution even to complex problems by following step by step procedure.

Code:

- (A) Both (A) and (R) are true, and (R) is the correct explanation of (A).
- (B) Both (A) and (R) are true, but (R) is not the correct explanation of (A).
- (C) (A) is true, but (R) is false.

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

(D) (A) is false, but (R) is true.

53. Match List - I with List - II and select the correct answer by choosing from code given below:

List - I (Personality tests)

List - II (Dimensions covered)

(a) EPQ-R

(i) Need for power

(b) NEO- PI-3

(ii) Psychoticism

(c) TAT

(iii) Anxiety as a state

(d) STAI

(iv) Openness to experience

TABLE CONTAIN SHOWS THE (PERSONALITY TESTS) AND (DIMENSIONS COVERED)

Code: (a) (b) (c) (d)

(A) (ii) (iv) (i) (iii)

(B) (iv) (ii) (i) (iii)

(C) (ii) (iv) (iii) (i)

(D) (i) (iv) (iii) (ii)

Answer: A

54. The basic speech sounds are called _____; and the meaningful smallest units of speech are called_____.

(A) Phonemes; Fixation

(B) Phonemes; Lexigram

(C) Morphemes; Phonemes

(D) Phonemes; Morphemes

Answer: D

55. Which of the following concept/s is/are not found in Freudian Psychoanalysis?

(a) Unconscious motivation

(b) Collective unconscious

(c) Striving for superiority

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

(d) Instincts

Code:

(A) (a) and (b) only

(B) (b) and (c) only

(C) (c) and (d) only

(D) (a), (b) and (d) only

Answer: B

56. Tests of declarative memory are termed as _____ tests, whereas tests of non-declarative memory are termed as _____ tests.

(A) Long-term memory; explicit memory

(B) Short-term memory; implicit memory

(C) Implicit memory; explicit memory

(D) Explicit memory; implicit memory

Answer: D

57. Which method is used for memorising a poem?

(A) Massed practice

(B) Distributed practice

(C) Serial memorising

(D) Syntactic memorising

Answer: B

58. _____ makes neurons stand out visibly depicting which neurons are active; whereas _____ uses antibodies attached to a dye to identify cellular components such as receptors, neurotransmitters, or enzymes.

(A) Immunocytochemistry; Autoradiography

(B) Autoradiography; Immunocytochemistry

(C) Myelin staining; Nissl Staining

(D) Nissl Staining; Myelin Staining

Answer: B

59. Which of the following are predictors of good prognosis in Schizophrenia?

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

- (a) Positive symptoms
- (b) Late onset
- (c) Acute onset
- (d) No precipitating factors

Code:

- (A) (a), (b) and (c) are correct; (d) is incorrect
- (B) (b), (c) and (d) are correct; (a) is incorrect
- (C) (c), (d) and (b) are correct; (a) is incorrect
- (D) (a), (c) and (d) are correct; (b) is incorrect

60. The body's response to danger is triggered by the release of _____ by the _____ glands.

- (A) Acetylcholine; adrenal
- (B) Epinephrine and norepinephrine; adrenal
- (C) Acetylcholine; pituitary
- (D) Epinephrine and norepinephrine; pituitary

Answer: B

61. Which of the following is the characteristic of Mastery-Oriented students?

- (A) They see ability as improvable.
- (B) They feel competent when they succeed.
- (C) They feel worthless when they fail.
- (D) They set unrealistically high goals.

Answer: B

62. A child's cognitive transition from external influences to internal thoughts occurs in four stages. What is the correct order of this transition?

- (a) Naive Stage
- (b) Natural/Primitive Stage
- (c) Ego-centric speech Stage
- (d) Ingrowth Stage

Code:

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

- (A) (a) → (b) → (c) → (d)
- (B) (b) → (a) → (c) → (d)
- (C) (a) → (b) → (d) → (c)
- (D) (b) → (a) → (d) → (c)

Answer: B

63. Match List - I with List - II and select the correct answer by choosing from code given below:

List –I (Psychologist)

List –II (Concept)

- | | |
|---------------|------------------------------------|
| (a) Bruner | (i) Conservation |
| (b) Vygotsky | (ii) Iconic mode of representation |
| (c) Sternberg | (iii) Scaffolding |
| (d) Piaget | (iv) Componential Analysis |

TABLE CONTAIN SHOWS THE (PSYCHOLOGIST) AND (CONCEPT)

Code: (a) (b) (c) (d)

- (A) (ii) (iii) (iv) (i)
- (B) (iv) (ii) (iii) (i)
- (C) (ii) (iii) (i) (iv)
- (D) (iii) (ii) (iv) (i)

Answer: A

64. Which of the following issues are addressed in the field of Personality Psychology:

- (a) Human Universals
- (b) Individual Differences
- (c) Uniqueness
- (d) Modification of Behavior

Code:

- (A) (a) and (b) Only

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

(B) (b) and (c) Only

(C) (a), (b) and (c) Only

(D) (b), (c) and (d) Only

Answer: B

65. Match List -I with List - II and select the correct answer by choosing from code given below:

List – I (Psychologist)

List –II (Concept)

(a) Thorndike

(i) Equipotentiality premise

(b) Pavlov

(ii) Cortical Mosaic

(c) Wertheimer

(iii) Neural Bond

(d) Seligman

(iv) Isomorphism

TABLE CONTAIN SHOWS THE DIFFERENT CONCEPT ON DIFFERENT PSYCHOLOGIST

Code: (a) (b) (c) (d)

(A) (i) (iv) (iii) (ii)

(B) (ii) (iii) (iv) (i)

(C) (iii) (ii) (iv) (i)

(D) (iv) (i) (ii) (iii)

Answer: C

66. In case of visual stimulus “Where” pathways in the brain are mainly responsible for processing:

(a) Location

(b) Colour

(c) Motion

(d) Shape

Code:

(A) (a) and (b) only

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

- (B) (b) and (c) only
- (C) (c) and (d) only
- (D) (a) and (c) only

Answer: D

67. Which of the following sequences describes the Cranial Nerves in ascending order?

- (A) Optic → Trochlear → Abducens → Auditory → Vestibular → Vagus
- (B) Trochlear → Optic → Auditory → Vestibular → Abducens → Vagus
- (C) Optic → Abducens → Trochlear → Vagus → Auditory → Vestibular
- (D) Abducens → Trochlear → Optic → Auditory → Vestibular → Vagus

Answer: A

68. Many psychologists played pivotal role in the emergence of the field of Social Psychology. Arrange them in correct chronological sequence.

- (A) F. Allport; William McDougall; Kurt Lewin; Muzafer Sherif
- (B) Kurt Lewin; William McDougall; Muzafer Sherif; F. Allport
- (C) William McDougall; F. Allport; Kurt Lewin; Muzafer Sherif
- (D) F. Allport; William McDougall; Muzafer Sherif; Kurt Lewin

Answer: C

69. Kinship Selection Theory suggests that we help others who are to future related to us because this increases the likelihood that our _____ shall be _____ to future _____.

- (A) Character; transferred; population
- (B) Genes; transmitted; population.
- (C) Genes; transmitted; generation.
- (D) Genes; transferred; population.

Answer: C

70. Read each of the following statements - Assertion (A) and Reason (R); and indicate your answer using code given below:

Assertion (A): Results of experimental studies of bilateral lesion effects are considered more promising than those of unilateral lesions.

Reason (R): Behavior effects of bilateral lesions are milder than those of unilateral lesions.

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

Code:

- (A) Both (A) and (R) are true, and (R) is the correct explanation of (A).
- (B) Both (A) and (R) are true, but (R) is not the correct explanation of (A).
- (C) (A) is true, but (R) is false.
- (D) (A) is false, but (R) is true.

Answer: C

71. Which of the following are the basic forms of intelligence in Triarchic Theory?

- (a) Dimensional
- (b) Componential
- (c) Contextual
- (d) Experiential

Code:

- (A) (a), (b) and (c) only
- (B) (a), (b) and (d) only
- (C) (b), (c) and (d) only
- (D) (a), (c) and (d) only

Answer: C

72. In a single factor repeated measures design, the F-ratio, evaluating the effect of independent variable (treatment) is evaluated as:

- (A) $MS_{\text{treatment}}/MS_{\text{subjects}}$
- (B) $MS_{\text{treatment}}/MS_{\text{treatment} \times \text{subjects}}$
- (C) $MS_{\text{treatment}}/MS_{\text{subjects} + MS_{\text{treatment} \times \text{subjects}}}$
- (D) $MS_{\text{treatment}}/MS_{\text{total}}$

Answer: A

73. Match List –I with List - II and select the correct answer by choosing from code given below:

List – I (Leadership style)

List –II (Description)

(a) Task Management

(i) Less focus on both production and workers.

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

- | | |
|-----------------------------|---|
| (b) Team Management | (ii) More Focus on both production and workers. |
| (c) Impoverished Management | (iii) Less focus on production but more on workers. |
| (d) Country Club Management | (iv) More focus on production but less on workers. |

TABLE CONTAIN SHOWS THE LEADERSHIP STYLE AND ITS DESCRIPTION

Code: (a) (b) (c) (d)

(A) (i) (ii) (iii) (iv)

(B) (iv) (iii) (ii) (i)

(C) (iii) (iv) (i) (ii)

(D) (iv) (ii) (i) (iii)

Answer: D

74. Read each of the following statements - Assertion (A) and Reason (R); and indicate your answer using code given below:

Assertion (A): Behaviour therapy helps people to respond to life situations in the way they would like to respond.

Reason (R): Positive therapeutic relationship is a necessary but not sufficient condition for effective behaviour therapy.

Code:

- (A) Both (A) and (R) are true, and (R) is the correct explanation of (A).
- (B) Both (A) and (R) are true, but (R) is not the correct explanation of (A).
- (C) (A) is true, but (R) is false.
- (D) (A) is false, but (R) is true.

Answer: B

75. Decentration and reversible thought processes are the characteristic of which of the following Stage?

- (A) Sensory Motor
- (B) Pre – Operational
- (C) Concrete - Operational
- (D) Formal Operations

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

Answer: C
