- a. 1 and 4

- b. 2, 3 and 4
- c. 1, 2 and 3
- d. 1, 2, 3 and 4

9. Consider the following statement about Pareto optimality:

- a. Pareto Optimality in an economy is ensured if marginal rate of substitution between two goods is same for all individuals.
- b. Pareto Optimality is ensured when the marginal rate of technical substitution is equal to input price ratio.
- c. There is a link between the conditions of attainment of Pareto Optimality and those of attainment of the general equilibrium.
- d. Pareto Optimality is neutral about income distribution

Which of the statements given above are correct?

- a. 1 and 2
- b. 2 and 3
- c. 1 and 4
- d. 3 and 4

10. The sum of squares of deviation of a set of values is minimum when deviation is taken about:

- a. Arithmetic Mean
- b. Median
- c. Mode
- d. harmonic Mean

11. If the distribution is positively skewed, then

- a. Mean > Median > Mode
- b. Mean < Median < Mode
- c. Mean < Mode > Median
- d. Median < Mode < Mean

12. Given the following data: No. Of observations = 100 Arithmetic mean = 1000 Variance = 256.0 The co-efficient of variance will be equal to

- a. 1.6%

b. 2.5%

c. 3.5%

d. 4.5%

13. consider the following statements about consumer's surplus and public finance:

a. Where the consumers are enjoying surplus, there is scope for taxation, for people are willing to pay more

b. In the case of constant return, the consumer's surplus will be diminished by more than the gross receipts of the State.

d. In the case of increasing return, a tax will increase consumer's surplus more than it brings to the State

Which of the statements given above is/are correct?

a. 1 only

b. 1, 2 and 3

c. 2 and 4

d. 1, 2, 3 and 4

14. If the co-efficient of correlation is unity, the relation between the two variables X and Y is

a. Y is directly proportional to X

b. Y is inversely proportional to X

c. Y is equal to X^2

d. None of the above

15. Fisher's idea index number satisfies

a. Time reversal test only

b. Factor reversal test only

c. Both time and Factor reversal test

d. Circular test only
