

## National Institute of Technology, Calicut

The National Institute of Technology, Calicut (Kozikhode) (NITC) has a similar state like every other national institutes. Initially it got through as a Regional Engineering College, later getting to be a Deemed University in 2002. It was initiated with an aim to help the country progress in the field of technology and engineering by educating the youth of the country which was a part of one of the Five Year Plans. The institute is registered under the Societies Registration Act, 1960 and is currently under the control of Ministry of Human Resources and Development.

It is serving India its level best by educating thousands of youth and leading her to the path of success in the technological field by doing so. The institute believes in overall development of an individual and hence along with providing academic knowledge, it gives enough space to its students by providing state-of-the-art facilities in academics, sports, personality development, information technology etc.

### **Courses Offered at Natinal Institute of Technology Calicut**

The following courses are on offer at the Institute:

- B. Tech
- M. Tech
- B. Arch
- M. C. A

### **Departments of NIT C**

NITC has the following departments providing courses in various branches of engineering and other branches of study

- Architecture
- Chemical Engineering
- Civil Engineering
- Computer Engineering
- Electrical Engineering
- Electronics Engineering
- Mathematics

Visit examrace.com for free study material, doorsteptutor.com for questions with detailed explanations, and "Examrace" YouTube channel for free videos lectures

- Mechanical Engineering
- Science & Humanities

## **NITC Also Runs the Centers**

- Computer Center
- Bio-Mechanics
- IBM ACE Center
